

BUILD YOUR OWN ADVENTURE

Teachers lead their students through the Discovery Centre. Exhibits enhance your science and social-based learning about land, air, water and biodiversity.

Exhibit Galleries:

WATER FOR LIFE

Explore water in our world; where it comes from and where it goes. Discover Alberta's watersheds and learn how you can help make a difference.

AQUATIC ALBERTA

Investigate Alberta's aquatic environments; from the Mountain Headwaters to the Boreal Forest Peatlands.

FISH FOREVER

Discover the importance of fish and why Alberta has a stocking program - you may be surprised!

FANTASTIC FISH

Look into the eyes of Alberta's fish in our aquariums, and discover the anatomy of a trout!

SELF-LED DISCOVERY CENTRE EXPLORING

September – June

2 hours (recommended)

\$40 per group of up to 10 students

Supervision Ratio: One adult required for every six students. Adult admission fee waived for required supervision. \$9 Admission per additional adults.

All program activities occur indoors.

Teachers are sent an information package before they arrive to prepare for their visit!

BUILD YOUR OWN ADVENTURE

PROGRAM ACTIVITIES

Add-on to your Discovery Centre experience & *Build Your Own Adventure!*

Select from various activities below to customize your experience. A maximum of four different grade-appropriate activities may be accommodated in one day.

INDOOR ACTIVITIES

CREATE A CRAFT [K-2]

\$50/Class | Meet Alberta's rainbow trout and create your own fish craft.
20 mins

BUILD A HABITAT [2-4]

\$75/Class | Discover the needs of a fish in a healthy aquatic ecosystem as you create a fish habitat together as a group.
45 mins

DECK OUT A TROUT [2-6]

\$75/Class | Discover how animals adapt to changes in their environment as you design a fish to withstand the oncoming disasters—anything goes!
45 mins

WHO AM I? [2-6]

\$75/Class | Put your detective skills to the test as you use clues and acts to investigate Alberta's wildlife.
45 mins

MARSH MYSTERIES [2-6]

\$75/Class | Get to know some of our underwater critters as you identify and sketch some of the aquatic invertebrates that live in the Ducks Unlimited Canada Marsh.
45 mins

FEEL THE HEAT [6+]

\$75/Class | Become climate scientists and explore how our atmosphere keeps the earth the right temperature for life.
45 mins

Class sizes are based on a maximum of 26 students.

Adult supervisors are required at a mandatory ratio of 1:6.

OUTDOOR ACTIVITIES

NATURE SENSE [K-2]

\$75/Class | Connect with nature using all five of your senses on a guided walk through Our Interpretive Wetlands.
45 mins

TRAIL TREKKING [K+]

\$75/Class | Become a naturalist as you trek through Our Interpretive Wetlands. Discover who and what lives in the wetland on a guided walk, and how different creatures are connected.
45 mins

WETLAND WONDERS [2-6]

\$75/Class | Have buckets of fun marsh dipping! Search for invertebrates that live among the cattails in our Interpretive Wetlands. *Rubber boots recommended. Available Sep-Jun*
45 mins

AGENTS OF DISCOVERY [3-6]

\$75/Class | Learn about the biodiversity living in Pearce Estate Park using the Agents of Discovery gaming app. Group iPad rentals are included.
45 mins

ADD A CLASSROOM

\$25/Class | Have a space to store backpacks, eat lunch, or run your own activities.
